

Research & You

What You Need To Know About Participating In Research

Organised by the National Healthcare Group Office of Human Research Protection Program (NHG OHRPP), this public forum seeks to empower the public with honest and accurate information to make an informed decision before engaging in research studies. Anyone who wishes to find out more about research volunteering or existing research volunteers who want to understand their roles and rights better should sign up for this educational event.

FORUM TOPICS

An Introduction About Understanding Research & Your Role As A Volunteer

What You Should Know Before Participating In Research

How Your Information Is Protected

How Society Has Benefited From Research
